Hi Chris sorry for delayed response. I thought that the meeting went really well – please let us know if there is anything the Senator can do to be helpful on pushing Passaic River FFS forward. And fyi in context of MAP 21 Surface Transportation Bill reauthorization we are pushing for funding for shore power and other port vicinity air pollution reduction projects. Glad to hear food recovery challenge is moving forward – another important project. I work out of Newark office once or twice a month, let's try to get together this Spring. Adam

Hi Adam, just following up to see how you thought the meeting went.

I understand that there is now a potential press event in the works related to the food recovery challenge.

Thanks.
